

Clyde Harper

Engineering Team Lead
KEJ

▣ Started at Kimball Electronics in 2015

- Clyde resides in Jasper, Indiana where he enjoys spending quality time with his wife and two children. In his free time, he finds himself coaching a wrestling team and running his side detailing business.
- The flexible, family culture at Kimbal Electronics is admired by Clyde. He is grateful that Kimball Electronics not only gives him the flexibility to be a family man, but also respects and encourages it.
- The thing Clyde enjoys most about working for Kimball Electronics is that he is able to keep up to date with new technology, and that he gets to see what is coming before it hits the market. His favorite memory with the company was working with his team to launch a product in record time to build ventilators that helped the fight against Covid.
