

# Elisa Hernandez Osuna

Quality Engineer  
KEJ

▣ Started at Kimball Electronics in 2021

- Elisa resides in Jasper, Indiana. Outside of work, she fills her free time by taking walks outdoors and spending time with family and friends.
- As a quality engineer, Elisa admires the variety and versatility of the tasks she performs. She also enjoys troubleshooting, problem solving, and relationship building on a daily basis. Elisa stated that the highlight of working with her team at Kimball Electronics is that they all get to learn from and support one another. She appreciates that her team is able to make products that make a real difference in people's day-to-day lives.
- Elisa stated that she believes Kimball Electronics is unique because of its family-oriented culture. "It truly is a company that values the importance of their employees and their families." Her fondest memory from her time with the company is the welcoming and friendly environment she experienced on her first day, which has lasted throughout her 3 years as part of the Kimball Electronics family.
