

Energy Policy

We, **KIMBALL ELECTRONICS ROMANIA SRL**, commit ourselves to reduce our energy consumption on long term and to capitalize our energy efficiency through a continuous improvement process.

We will fully comply with relevant energy legislation, internal regulations, customer requirements and other requirements that apply to our organization.

All employees are integrated into the implementation and operation of the Energy Management System.

Top management will ensure that all energy aspects are regularly determined and evaluated, analyze all relevant organization changes and promote a culture of energy efficiency.
